

# Unsupervised Machine Learning with Python

# Section 12: Bonus Lecture (Optional)

# What is Machine Learning: FREE Udemy Course

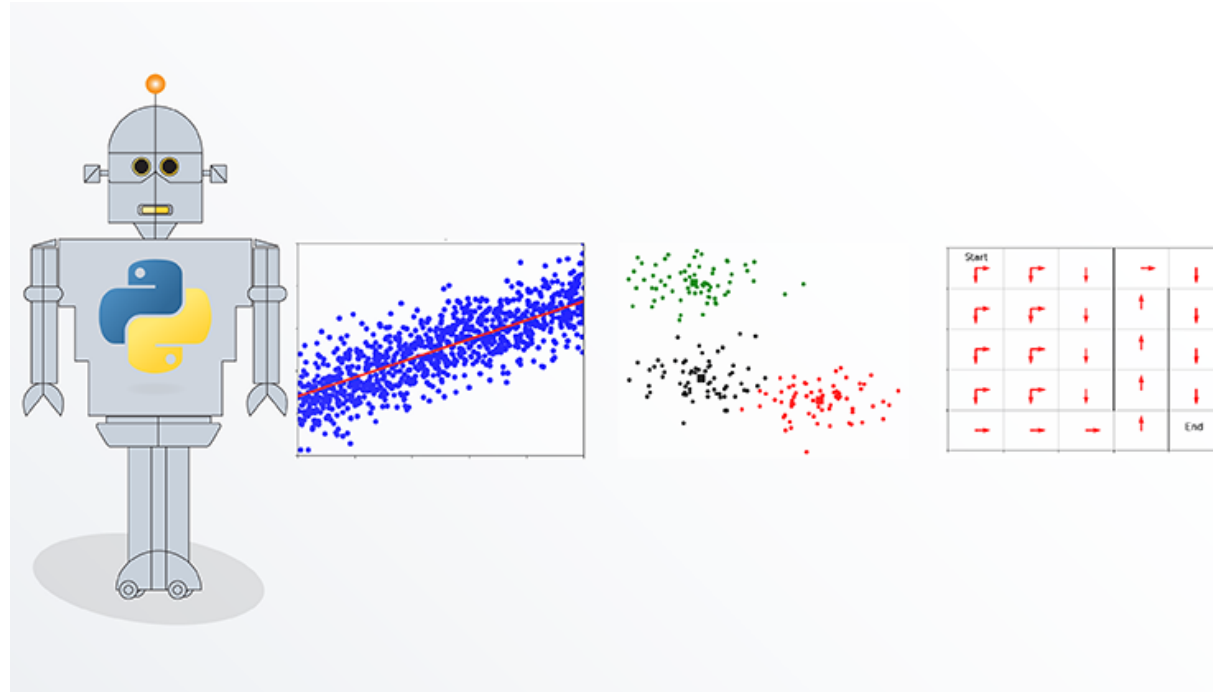

Course Title: What is Machine Learning

Instructor: Satish Reddy

Subtitle: An Overview of Supervised, Unsupervised, and Reinforcement Learning with Python Demos

Covers: Big picture (mostly) non-technical overview of machine learning with demos

Length: 2 hours of videos

# Introduction to Machine Learning: Udemy Course

Course Title: Introduction to Machine Learning

Instructor: Satish Reddy

Subtitle: Linear and Logistic Regression and Neural Networks Using Python

Covers: underlying math, algorithms, and development of a framework in Python for supervised machine learning
